## EDUCATION

BS software engineering

islamia college peshawar

2020 - 2024

## SKILLS

- Html
- Css
- Javascript
- React js
- Tailwind css
- Framer motion

## LANGUAGE

English

Urdu

## About Me

A passionate and dedicated Frontend Web Developer from 2023 of hands-on experience in building dynamic and responsive web applications using React.js and Tailwind CSS. Skilled in designing efficient user interfaces and delivering solutions with a focus on performance and user experience.

## WORK EXPERIENCE

Aug 2024 - present

### personal projects

#### Frontend web development

- Developed multiple frontend applications using React.js and Tailwind CSS.
- Built and maintained responsive websites ensuring optimal performance across different devices.
- Collaborated with backend developers to integrate APIs and ensure smooth data flow between the client and server.
- Designed and implemented user interfaces with a strong focus on user experience and interactivity.

### Final year project

2024

- EchoRead - Online Book Exchange Platform
- Team Project | MERN Stack (MongoDB, Express.js, React.js, Node.js)
- Collaborated on the development of EchoRead, a web application for book enthusiasts to exchange books easily.
- Independently developed and implemented the entire authentication system, handling both frontend and backend.
- Integrated user registration, login, logout, and protected routes using JWT (JSON Web Tokens) and bcrypt for password hashing.
- Managed session handling, validation (Joi), and role-based access control to ensure secure user interactions.

# WORK EXPERIENCE

---

## Frontend development internship

### 1. DevelopersHub Corporation (remote)

*june 10 to 26 july 2025*

#### **E-commerce Website (Frontend Project)** Tech

Stack: React.js, Tailwind CSS, Framer Motion

- Developed a fully functional frontend for an e-commerce platform with interactive UI and smooth animations.
- Implemented features such as product search and filtering, product detail view, wishlist, and add-to-cart functionality.
- Utilized Framer Motion for UI transitions and animations to enhance user experience.
- Designed responsive layouts using Tailwind CSS for seamless performance across devices.

## Professional Training

### NAVTTTC – Web Development Course

**Encoder Bytes Software House** | *Duration: 3 Months*

- Completed a NAVTTTC-certified Web Development training program
- Enhanced practical web development skills through hands-on projects
- Developed several fully functional websites, including NFT Marketplace and TRIPSY Travel Website
- Gained experience in building responsive, dynamic, and user-friendly web applications
- Worked on real-world project workflows, improving problem-solving and coding practices
